

Baby Tracker

Description

A Baby tracker app that help you:

- Never forget which breast you last feed on. Feeding with formula? Not a problem, we will notify you about your next feeding.
- Log sleep sessions and better understand your sweetheart's sleep pattern.
- Track your baby's weight, height and head. Compare results with the WHO standards.
- Be on top of your child's health. Track medications, vaccinations and temperature of your little one.
